About Me

I am a second-year student at Passerelles Numériques Cambodia (PNC). **My objectives:** Challenge myself in a new environment to learn, develop, and improve my skills through different projects and contribute more to the company with my abilities.

Personality

Name:	SOR CHHIN
Date of birth :	10th May 2004
Gender:	Female
Province:	Kampot
Nationality:	Khmer
Marital status:	Single

Experiences
School projects

Visual Company One(POS System)
25th Feb 2025 - 02nd May 2025
- Role: **"Git Manager"**
- Controlled on GitHub and developed code.
- Designed the user interface using Figma before starting development.
- Developed an interactive website for users and implemented the front-end using HTML, CSS, JavaScript, and Bootstrap, and built the back-end with PHP.
- Managed the data using a database.
- Used Jira to check the task that Scrum assigned for developing code.

Note taker app
12th Jan 2024 - 26th Jan 2024
- Role: **"Developer"**
- Designed the user interface using Figma before starting development.
- Implemented the front-end using HTML, CSS, Bootstrap, and JavaScript to enable user interaction.
- Used Git and GitHub for version control and team collaboration.

Software Deployment
30th Dec 2024 - 05th Jan 2024
- Hosted a static website on Amazon Web Services (AWS) using cloud-based infrastructure and deployed a WordPress website on an Ubuntu server to enable dynamic content management.

AUTOMATED DOCUMENT GENERATION
11th Oct 2024 - 20th Nov 2024
- Role: **"Developer"**
- Designed the document template using Microsoft Word to ensure a consistent format and prepared and organized data in Microsoft Excel for processing.
- Developed a basic Python algorithm to build the core functionality of the system.

Web Design(clinic service websites)
17th Oct 2024 - 05th Nov 2024
- Role: **"Team leader"**
- Designed user interfaces using Figma during the planning phase before development.
- Built responsive clinic service websites using HTML, SASS, and CSS.
- Focused on user-friendly layout and accessibility for healthcare-related services.

Languages

- Khmer: Mother Tongue
- English: Intermediate

Interests

- Researching
- Coding
- Learning a new things
- Reading (book)
- Building communication
- Volunteering

Technical Workshops

- **Product Owner Workshops(Jan 18 & 25, 2025)**

  Presented by: Felix Leuker

  Attend to the product owner role by understanding responsibilities, writing user stories, and practising agile workflows using Jira.

- **UX/UI Design Workshops(Feb 8, 2025)**

  Presented by: Philip James BARDON

  Attend to translating project requirements into prototypes and apply design logic through hands-on UX/UI activities.

- **Data Analytics Workshop(Mar 19, 2025)**

  Attend to prepare and visualise data using Python and Power BI to transform raw information into actionable insights.

- **Project Management Workshop(Feb 7 & Mar 14, 2025)**

  Presented by: Felix Leuker

  Attend to understanding agile team roles and collaborate effectively using Jira, Git, and GitHub to manage user stories and project tasks.
